Exemption from Japanese Customs Duties and Taxes
Pursuant to Status of Forces Agreement
(Aug 1987)

1. Paragraph 2, Article XI of the Status of Forces Agreement between Japan and the United States, authorized the United States entry into Japan free from Japanese customs duties and other charges all materials, supplies and equipment imported for the official use of the United States Armed Forces or for the exclusive use of such forces or ultimately to be incorporated into articles or facilities used by such forces.
2. Paragraph 3, Article XII of said Status of Forces Agreement, authorized the United States exemption from certain Japanese taxes for materials, supplies, equipment and services procured for official purpose in Japan by the United States Armed Forces or by authorized agencies of the United States Armed Forces. Currently, these taxes are: (a) Commodity tax; (b) Traveling tax; (c) Gasoline tax and local road tax on gasoline; (d) Diesel oil tax; (e) Electricity and gas taxes; (f) Liquefied petroleum gas tax.
3. If you are the successful offeror, the Contracting Officer or his authorized representative will issue customs or tax exemption certificates as appropriate, relieving you from such customs duties or taxes in accordance with procedures agreed upon between the Government of Japan and the United States of America. Tax exemption certificates for motor fuel will be issued only after consumption of the motor fuel, either at the end of each motor or upon termination of the contract. These can be applied against future purchases of motor fuel. They will be issued only to you as the prime contractor, so, if you employ a subcontractor or supplier who used motor fuel, you must purchase the motor fuel to secure exemption.
4. List below the customs duties or taxes which have been excluded from your proposal as required by the Taxes Clauses.
